⊛ **ACADIA NOVELIST**, a son of Kinellar Novelist, which is a half brother to the great breeding bull used at Acadia Farms until his death, Kinellar Napoleon. Acadia Novelist Dam is truly one of the good cows of the Shorthorn Breed. Saltoun Golden Shred was one of the top selling females for Reford Gardhouse in 1959. Acadia Novelist is one of smoothest bulls, and stands on a set of good legs. Here is proven sire and his calves will speak for themselves.

A Message from Allan Rock . . .

A very dry summer in our section, high hay prices and only half a corn crop which leaves us short of feed brought us to the decision to disperse the famous Strowan Herd.

I was raised with Shorthorns, and I've learned that the best cattle are produced from the strongest bloodlines. The foundation females at Strowan come from the leading herds in the United States and Canada as indicated by the names Marellbar, Acadia, Aberfeldy, Susanna, Greenwood, Ashbourne, etc. They were selected with the help of my late father-in-law, Dwight Griffith. What we are selling is the result of careful mating and culling. We've tried to maintain only the best producing females.

All mature females will be examined for pregnancy a few days prior to the sale and the findings will be announced at the sale. All breeding dates and calving dates will also be announced.

I've enjoyed being associated with the Shorthorn cattle and have made many valued friends among the breeders.
